

# Online ESL Test Preparation Course

College of Education & Human Development

Department of Educational Psychology

*Bilingual Education Programs*

The **Online ESL Certification Prep Course**, offered by the **Bilingual Education Program** at **Texas A&M University**, can help you develop knowledge and skills for teaching English language learners (ELLs). Educators will learn to design and implement effective instructional practices for the ELLs. The seven-week online course provides comprehensive coverage of the teacher competencies tested on the TExES ESL Supplemental Examination (#154).

## Lesson Topics Include:

- Language acquisition theories
- Approaches and methods of second language teaching
- Instructional activities that promote English language development
- Assessment of ELLs
- And much, much more!

## Advantages

- Self-paced
- Convenient and flexible
- Instruction delivered online – No travel to Texas A&M University required
- Seven-week course gives participants time to internalize concepts of ESL teaching
- Participants earn 120 hours of professional development upon course completion

**Cost - \$400**
