Instructions

This evaluation instrument is related to the way in which we are delivering this course and how it is taught. Where appropriate, please comment about each of the following items and score each as to the extent each apply to the nature of the course being delivered via TTVN, WebCT and other on-line devices. Please, place a 1, or 2, or 3, or 4, or 5 beside each statement based on the following criteria,

1. If you strongly agree with the item
2. If you agree moderately with the item
3. If you disagree moderately with the item
4. If you strongly disagree with the item
5. If you do not have enough information to evaluate the item.

The questionnaire starts here.....

1. Course objectives including syllabus were clearly identified and communicated to students at the beginning of the course.
2. Course content was timely and up-to-date.
3. Assigned work was reasonable for the credit hours received in the course.
4. The professor and assistants treated students with respect.
5. The professor taught the course effectively.
6. Procedures for determining course grades were appropriate.
7. The instructor and his/her assistants were willing to discuss points of view other than their own.

8. The instructor provided students with opportunities to apply learned experiences to demonstrate understanding.
9. The instructor provided students to have ample participation for discussion of topics.
10. The instructor gave helpful feedback in commenting on papers, presentation, exams and other educational requirements.
11. My interest in the subject area has been stimulated by this course.
12. Taking courses via TTVN is a challenge.
13. This type of delivery allows participants to learn from each other.
14. Interaction in this course was very effective.
15. The delivery of part of the course work via WebCT was effective.
16. The delivery of part of the course via e-mail was effective.
17. I feel that I have learned as much in this type of setting as I would have learned in a regular course setting.
18. The educational site that I attended was adequate.
19. The instructor and assistants were familiar with this type of delivery.
20. The professor made us feel comfortable with this type of delivery.
21. The professor visited the sites and taught from satellite sites.
22. The electronic delivery was clear (not instructional, but mechanical).
23. If this course were not available via distance education, would you have taken it?
Why or Why not?

24. Do you feel that seeing the professor coming to the satellite sites and teaching from there is motivating and should continue? Please explain.

25. In your personal opinion, overall of the effectiveness of this type of delivery including electronic delivery and instruction can be Rated as _____ % of satisfaction. (e.g. 25%, 50%, 75% 100%)

26. Any other comment(s) that you would like to make and/or suggestions to improve this type of delivery:
